Republic of Korea

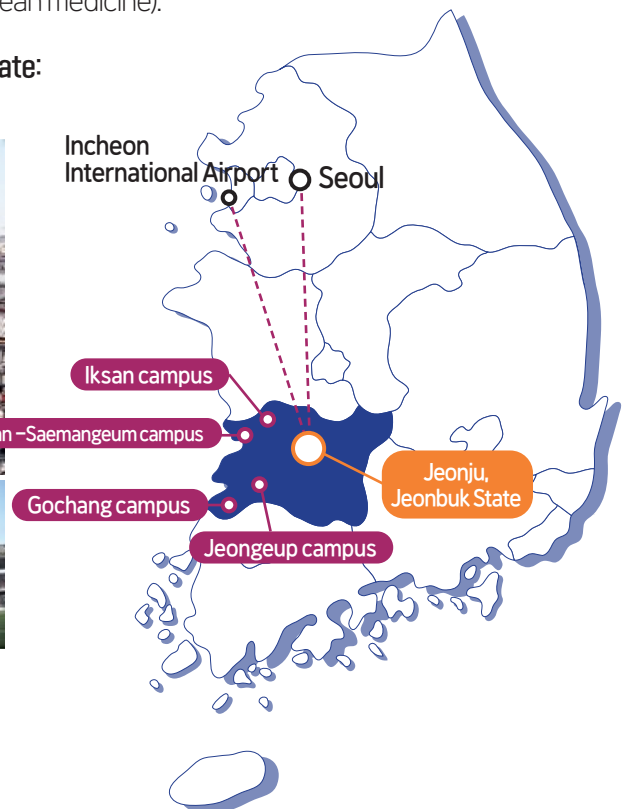

Jeonbuk National University (JBNU)

Jeonbuk National University, established in 1947 as the first national university in the southern region of South Korea, is a globally recognized institution that is leading regional and national development. As a platform for global empathy and innovation, Jeonbuk National University (JBNU) has its main campus in Jeonju, known as the 'most Korean' city, and operates a total of five campuses, including a specialized campus in Iksan focused on AI, carbon, renewable energy, agricultural life sciences, and veterinary medicine.

JBNU is recognized globally in the QS World University Rankings, the Asia University Rankings, and the Leiden Rankings. It prides itself on having the lowest tuition fees in the country and offers a wide array of generous scholarships.

Jeonbuk National University is located in Jeonju, Jeonbuk State, a city known for its beauty. As the royal capital of the Baekje Kingdom and root of the Joseon dynasty, Jeonju has a splendid history and is a leading cultural city of East Asia. Jeonju is recognized by UNESCO as a Slow City and a Creative City for Gastronomy and its 'Hanok Village' is the only urban neighborhood of traditional Korean houses (Hanok) in the country. Hanok Village is home to important cultural landmarks and over 20 cultural centers. It is a prime travel destination in South Korea, and showcases the essence of Korean style with its Hanok, traditional Korean cuisine, Hanji (traditional Korean paper), Hansori (traditional Korean music), Hanbok (traditional Korean clothing), and Hanyak (traditional Korean medicine).

International Student Support Center

The International Student Support Center operates a variety of programs for international students to support their well-being and academic success at JBNU from admission to employment.

Y Support for New Students

We have programs that allow new students to quickly adapt to their new academic setting after entering the university for the first time.

- New-Student Orientation Programs
- The JBNU International Student Guidebook
- The 'Buddy Program' for cultural and language exchange with Korean students
- Counseling Services to help new students

Y Support for Culture

We have programs that promote cultural exchange among international students and enhance their understanding of Korean culture.

- The '1 Night 2 Days' Workshop for International Students
- The International Student Festival
- The International Student Council
- The International Student Club
- Korean cultural experience and local tour programs
- Appointment of Honorary ambassadors for the Jeonbuk State local festival

Y Support for Learning

We have programs to enhance the academic achievement of international students and improve their grades.

- 'Study Assistant Program' supports Korean language learning and major studies
- TOPIK Scholarships
- TOPIK Preparation Team
- Foreign language courses for international students
- Courses on the prevention of sexual harassment or violence and on understanding Korean laws

▼ Support for Employment

We have programs to assist students in finding employment and settling down in Korea.

- One-on-one mock interview and resume clinics
- Special lectures to strengthen employment capabilities
- Working holiday programs sponsored by local governments offered during vacations
- Career counseling for foreign students
- University participation in the Regional Specialized Visa Project (F-2-R)
- International Student Job Fair

'The Feeling Korea' Program

'The Feeling Korea' Program is a two-week Korean culture experience program operated by Jeonbuk National University twice a year during the summer and winter semesters. It is open to all non-Korean citizens high-school aged or older. Students enrolled in JBNU sister universities can receive a program fee discount. In this program, participants will learn about and experience Korean language and culture through language classes, cultural experience field trips and hands-on activities. While the regular programs run for two weeks in the summer and winter, during other times of the year JBNU can provide customized programs at the request of universities or other institutions.

Regular Programs
